Dear Mom and Pop.

I got your letter yesterday. I'm not homesick but I miss Beverly a little naturally. I hope you're feeling better, Pop. I got Janice's letter, too. All the boys got a big kick out of it. We have a radio phonograph in our barracks as I have already told you and we have all the latest records. Tell Jack the boys tacked his cartoon on the bulletin board, backwards.

I think we are going to be able to have visitors on Sundays pretty soon. I'll write and let you know more about it later. I got my haircut yesterday. My head looks like those things you can find rolling around on any pool table.

The band in that floor show was good and

loud, and I liked it very much. I think I told
you about the Camel Caravan didn't I. If I did-
n't you can find out all about it in that News-
paper I sent you. You got it, didn't you?

I think likes the navy a lot. We all do. He
says, "Hello yourself!"

Boy, if you and Kate Cramer join the waves
that's all the navy will need. All the boys will be
anxious to leave these parts and go to Guadal-
canal or somewhere.

I hope everybody's O.K. Tell the kids I'll
write them a letter tonight.

Love
Rich
