

U. S. NAVAL TRAINING STATION
BAINBRIDGE, MARYLAND

Dear Mom and Pop,

Just a line to let you know I found out about my aptitude tests. I got 90 in arithmetic and 91 in aptitude. 50 is passing in Math and 55 in aptitude. We had our interviews today. When we had our tests I put down quartermaster for first choice and radioman second choice.

The officer that interviewed me said I shouldn't have much trouble getting in quartermaster school. He recommended me. The rest is up to the Navy.

Well Q.C. write more later but I haven't much time now. By the way quartermaster in the navy is different than the army. The navy quartermaster has to know about navigation, charting courses and so forth. He doesn't do anything the army quartermaster does.

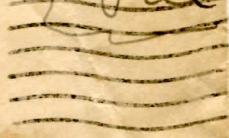

Will so long. Write often.

Love
Rich
