

Wednesday Nite

Dear Mom + Pop:-

Well it's about 8:35 and I'm sitting at one of the tables writing this and listening to Tommy Dorsey. He just got through playing one of his nerve wreckers.

I got the boots and the writing paper as you can see. Thanks a lot.

Tell Turtle I really appreciate the boots.

Visiting hours are from 1-4 Sunday afternoon. I guess you know all about the train schedule. Busses run regular here.

Boy J. D. is really beating it out now. He's playing "The music goes

so I didn't use it. This gives you a much
steadier aim when you use it. They can
be adjusted but they told us not to. Next time
I'll make 15 in the black. I used to
be able to do better than this with rifles
that were not as good so I should be able
to get a perfect score. ~~We~~ use 22's for
practice.

Well, I guess I'll close now. Tell
Jessie I showed the cartoon to Zoot suit
and he got a big laugh. G.D. is now
playing his theme. He's going off the
air.

I hope you're all O.K. as usual.
How are the kids making out? Well
good night.

Love

Rich,

on back

round and round "now. It's really hot." ⁽²⁾

If you stand outside and scream don't be surprised to see fire trucks going all around the place and ambulances. Or, anybody will think there is a real air raid on.

It has dried up quite a bit now. Up at the reception center where visitors come it is dry now. But it is always muddy down here in the first regiment. We are on the lowest ground of all.

I owe two bucks class dues. Tell Virginia to pay Mr. Shering.

Well today we had our last shots, got our identification pictures taken, and received the results of rifle tests. I was fifth in our company. I could have done much better but the sling on the rifle was too tight.

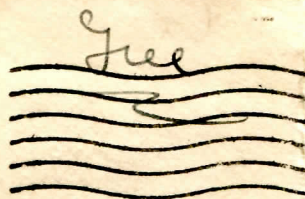

P.S. (~~have this target~~. I'm also sending
my insurance receipt. The policies will be
sent you by the navy.)

D. R. Ulmer A/S
